The following notice relates to the thirteen schools above, who operate enrolment schemes to prevent overcrowding.

1 APPLICATION DATES

For planning purposes all thirteen schools listed above request applications from the parents of students who live in their home zone, for entry into Year 9 in 2023, (except for Otaki College whose entry is for Year 7) to be in the hands of the respective schools by Monday 25 July 2022. In zone applications can be accepted at any time by the zoned college.

In the case of applications for enrolment for students who live outside the home zone of the school to which application is made, applications **must** be received **no later than Monday 25 July 2022**. Any application received after Monday 25 July 2022 will not be able to be considered.

Applications from **out of zone applicants for places in Years 10 to 13 in 2023** can also be received up to **Friday 14 October 2022**, but acceptance of these enrolments will be subject to such factors as the optimum total roll of each school, or the number of applicants from within the school's home zone. Any applications received after Friday 14 October 2022 will not be able to be considered.

2 NUMBERS OF PLACES AVAILABLE

Each of the Boards of the schools has determined the optimum number of places likely to be available for students entering Year 9 in 2023. Also indicated are the likely number of places available to students from outside the home zone.

The out of zone numbers are an **estimate** only and the actual number of places available will not be known until the pre-enrolment of all in zone students has been completed.

College	Estimated Year 9 in 2023	Estimated Out of Zone Places in Year 9 2023
Aotea College	280	5
Hutt Valley High School	370	22
Kapiti College	290	90
Mana College	120	20
Newlands College	240	5
Onslow College	345	20
Otaki College	60 (Year 7)	15 (Year 7)
Paraparaumu College	290-300	35
Tawa College	265	50
Wellington College	350	85
Wellington East Girls College	208	25
Wellington Girls College	285	40
Wellington High School	280	5

Students who live within the home zone of any school have the right to be enrolled at that school. The likely number of places available for Year 9 students who live outside the home zone will depend upon the number of applications received by the parents of students who live within the school's home zone.

3 BALLOTS FOR PLACES FOR OUT OF ZONE STUDENTS

The order of priority in which applicants who live outside a school's home zone are to be offered places at the school is as follows:

- (a) **first** priority must be given to any applicant who is accepted for enrolment in a special programme run by the school;
- (b) **second** priority must be given to any applicant who is the sibling of a current student of the school;
- (c) **third** priority must be given to any applicant who is the sibling of a former student of the school;
- (d) **fourth** priority must be given to any applicant who is a child of a former student of the school;
- (e) **fifth** priority must be given to any applicant who is a child of an employee of the Board of the school;
- (f) **sixth** priority must be given to all other applicants.

If the number of out of zone applicants for any school exceeds the places available at that school, students will be selected by ballot (except in the case of special programmes, where the criteria in the enrolment scheme apply).

If a ballot is required for Year 9 students at any or all of the schools listed above, that ballot will be held on **Monday 1 August 2022**. Parents will be informed of the outcome of that ballot within three school days of the ballot being held. Parents will have **14 days** to respond to any offer of a place.

If a ballot is required for Years 10 to 13 students at any or all of the schools listed above, that ballot will be held on **Friday 21 October 2022** and parents will be informed of the outcome within three school days of the ballot being held.

4 ENROLMENT SCHEMES

In order to avoid overcrowding, the Boards of the above schools have adopted enrolment schemes which have been approved by the Ministry of Education.

The Boards now invite applications from parents who wish to enrol their children at any of the above schools for next year. Applications are governed by each school's individual enrolment scheme, details of which are available in each school's prospectus, or from the respective school offices.

Applications are to be made on the official enrolment forms, and according to the manner prescribed in the prospectus of each school.

5 HOME ZONES

Each of the above schools has a home zone specified in their enrolment scheme. The following is a description of the home zones:
